

## **Roanoke's Urban Scavenger Hunt**

There are very few bonding experiences that offer more fun than a good old-fashioned scavenger hunt with an updated twist. ## TEAM ASSIGNMENTS:

To get the most out of your scavenger hunt, we suggest assigning teams prior to your event. We encourage teams that combine a mixture of ages, gender, hierarchy within the company, and time or experience with the group or company. Due to space limitations at some of the “pit stops” we suggest teams be no larger than 10 participants (ideally 5 – 10 participants).

If you have specific goals, for example, bonding certain members, then just place them on the same team.

No time? No worries! We can do a random assignment of teams the day of the hunt.
